

ABOUT THE PROJECT

R(ae)l Inclusion is focused on adults with learning and behavioral difficulties and disabilities and adult educators working in different adult education programmes.

Training adult educators to be able to work with a diverse group of adults with learning difficulties and disabilities.

Applying an individualized approach will contribute to increasing the quality and the offer of adult education programmes.

R(AE)L TRAINING WITH TEACHERS AND PROFESSIONALS

We are excited to announce the progress on the implementation of the R(ae)l Inclusion In-service Training Programme for Adult Educators!

We are proud of our two first pilot groups of teachers and professionals from Bulgaria and Croatia who have completed the training. Pilots in Spain, France, and Cyprus will be implemented throughout June and July.

The following five training units are included in the in-service training programme:

- Who are the adults with learning/behavioural difficulties and disabilities?
- Law regulation within partner's countries
- Recognizing adults with disabilities
- Education of adults with disabilities
- Instructional principles for adults with disabilities.

We are pleased with the progress and look forward to the successful implementation and certification of the R(ae)l Inclusion training programme across all partner countries.

Stay tuned for further updates!

5TH PROJECT MEETING

The fifth project meeting was held in Bergerac, France on 5 and 6 June 2024. During the meeting partners discussed the piloting activities with teachers in each country as well as the new look and feel of the online training units.

The training program will be available online at raelinclusion.eu in English, Spanish, French, Greek, Croatian, and Bulgarian. To sign up for the follow-up mentoring process after completing the online training, join raelinclusion.toolkit.eu!

JOIN US AT RAELINCLUSION.EU!

The R(ae)l Inclusion e-learning platform includes a digital training programme to support educators working with adults with learning or behavioural difficulties and disabilities. It's a self-paced training targeted for adult education professionals with busy schedules.

The programme also includes interactive quizzes for knowledge checks and live feedback to enhance learning and high-quality learning materials drafted by industry professionals in psychology, research, and education.
